Public Works Project of the Year (3 3)

Please address each of the following areas in your supporting documentation, adhering to the sequence below when possible.

- Discuss strategies and tactics for meeting project design/construction schedules, budgets, and communication processes.
- Perceived Need for Community
- Creative use of municipal resources, equipment, labor, funds that produced measurable benefits to the community.
- Safety performance and demonstrated awareness of the need for a good overall safety program during construction.
- Community relations as evidenced by efforts to minimize public inconvenience due to construction, safety precautions to protect public lives and property, provision of observation areas, guided tours, or other means of improving relations between the agency and the public.
- Demonstrated awareness for the need to protect the environment during the project. This includes any special considerations given to particular environmental concerns raised during the course of the project.
- Unusual accomplishments under adverse conditions including, but not limited to age or condition of the facility, adverse weather, soil, or other site conditions over which there is no control.
- Additional conditions deemed of importance to the public works agency, such as exceptional efforts to maintain quality control and, if value engineering is used, construction innovations as evidenced by time and/or money-saving techniques developed and/or successfully utilized.
- Use of sustainable infrastructure rating system or the equivalent (such as the Envision rating system) to ensure project is sustainable. Completion date contained in contract. Any time extensions granted should be addressed in the submittal.
- Environmental considerations including special steps taken to preserve and protect the environment, endangered species, etc., during the construction phase.
- Additional considerations you would like to bring to the attention of the project review panel, such as innovations in technology and/or management applications during the project.

Note: Supporting documentation is limited to 10 pages in pdf format, exclusive of photographs and nomination form. Photographs will be used for promotional purposes by the association. Submittal should include nomination form and supporting documentation.

Nominated by:
