What is PWX?

PWX draws thousands of public works professionals from all over the world. If you’re like many, you have limited resources for professional development, so you’ve chosen APWA’s PWX 2019 in Seattle as your preferred venue for:

Outstanding education sessions that address current public works issues—as well as ongoing challenges. Choose from more than 125 technical and professional development sessions that will be presented by your colleagues who will impart vital knowledge and experience. APWA’s education sessions are based on the very latest learning models: classroom, interactive and “live” learning labs.

The chance to see an extensive gathering of exhibitors and The Expo Experience that will showcase the latest products, services and technologies specific to public works. Special “non-compete” hours allow you to visit the floor uninterrupted.

Opportunities to network with your peers, hone your leadership abilities, and learn new job skills. APWA offers PWX attendees MANY opportunities to meet and mingle with your peers—the Get Acquainted Party, Awards Ceremony and more! Build lasting professional relationships and make a few lifelong friends at the same time.

General Membership Meeting Summaries

May, 2019
Fresno - Clovis Regional Wastewater Reclamation Facility (RWRF) – Presentation and Tour
Speaker: Brian Spindor, Assistant Director, City of Fresno Public Utilities Department
Brian Spindor provided a presentation on the operations of the Fresno-Clovis Regional Wastewater Reclamation Facility (RWRF) and then conducted a brief Q&A session. Following the presentation, the group was given a tour of the entire facility.

June, 2019
“Pump Applications in Public Works”
Speaker: Greg Bashian, Manufacturing Engineer III, GRUNDFOS Pumps
Greg gave a presentation that included his background, an introduction to Grundfos Pumps, and products Grundfos produces in the Fresno factory that applies to municipal and PW applications. Greg answered many questions regarding chemical dosing, large multi-stage pumps, and booster stations.

July, 2019
“Strategic Planning Issues related to Public Works and Fresno County”
Speaker: Nathan Magsig, Supervisor – District 5, Fresno County
Supervisor Nathan Magsig joined us to speak on strategic planning issues related to public works and Fresno County. His talk focused on homelessness and touched on his commitment to creating new water storage, economic development to generate new jobs, protecting agriculture, enhancing public safety, and improving County roads.

August, 2019
“Challenges and Opportunities in Waste Management”
Speaker: Amer Hussain, PE – Principal, Geosyntec Consultants, Inc
Amer Hussain, PE, is a Principal at Geosyntec Consultants, Inc. Amer shared his specific expertise addressing the “Challenges and Opportunities in Waste Management,” focusing on issues facing Public Works organizations during collection, sorting, recycling, and disposal. His in-depth conversation addressed many operational difficulties.
